

Jackie York

It wasn't until Jackie and her husband Gary bought their first home that Jackie got a taste for real estate.

Now, Jackie is "burning rubber" in the real estate market. With her guaranteed sale of homes and her innovative way of advertising, Jackie is the top producer for her office ERA Priority One and ranked in the top 1 percent nationwide with ERA. She has been recognized nationally for the past six years and serves on the GEPAR Board of Directors.

Jackie has been happily married for 20 years and together her and her husband have three sons, Alec, Travis and Cody. When Jackie is not out selling homes she enjoys spending time with her family.

If you are in the market to sell a home then Jackie York is the one to call. She is destined to remain at the top of the game for years to come.
